Hobsons Bay
CITY COUNCIL

This special place inspired Linda Cottrell, local artist and committee member in the Friends of Newport Lakes, to devise four trails featuring resident bird life on mosaics designed and constructed with the help of local school students and residents. Part of one trail features a bird hide constructed and painted by members of the Friends of Newport Lakes.

GENERAL INSTRUCTIONS FOR USING THE TRAILS

This leaflet describes four trails around Newport Lakes that use bird mosaics as markers. Look carefully for the mosaics, they may not be immediately obvious. There are seven mosaics all together, but you won't see all of them on one trail. In between the mosaics, follow the Willy Wagtail directional signs marked with a trail number, either 1, 2, 3 or 4. The trails range in length between 1200 and 2100 metres, taking between 25 and 40 minutes to complete. Some pathways in the park are steep and covered with recycled concrete gravel. They may be slippery and unsuitable for visitors with mobility difficulties. Do not venture into tall grass, to avoid damaging plants and encountering snakes. If you spot any vandalism please report it to the Ranger on 0419 302 063.

TRAIL 3

Distance: 1400 metres

Time: 30 minutes

Map symbol:

From the Purple Swamp Hen, turn right down hill to the Black Swan.

Walk halfway up the steep slope where you'll see a Willy Wagtail 3 Marker.

Turn left and follow the track at the base of the cliff.

Along the way, you'll see the New Holland Honey Eater and Fairy Wren mosaic.

Cross over the grassy picnic area and pick up the track at the base of the cliff again.

Pass the Rainbow Lorikeet mosaic, walk down the steps and cross the little bridge ahead of you.

Follow this track and you'll pass the Magpie mosaic on your left.

Follow the track and the Willy Wagtail 3 Markers left to the Amphitheatre.

At the Amphitheatre, find the Bell Frog, look for a Willy Wagtail 3 Marker, and follow the track around the top of the Amphitheatre.

At the Amphitheatre Lookout, turn right and walk up hill back to the Purple Swamp Hen.

TRAIL 4

Distance: 2100 metres

Time: 40 minutes

Map symbol:

From the Purple Swamp Hen, turn right down hill to the Black Swan.

Go to the top of the steep slope to the boundary fence and follow it round to the left.

Follow this track around the perimeter of the park. It takes you past the South and then North Lake, around the back of the undeveloped area and past the Arboretum to the paved road.

Look for a Willy Wagtail 4 Marker on your left directing you towards the Lakes.

At the Amphitheatre, find the Bell Frog, look for a Willy Wagtail 4 Marker, and follow the track around the top of the Amphitheatre.

At the Amphitheatre Lookout, turn right and walk up hill back to the Purple Swamp Hen.

PARK HOURS

The public car park is open daily from 7:30am to dusk.

The park is open to visitors on foot at all hours.
